

LONG FURLONG LINK

June 2011

WILDFLOWER PROJECT

Long Furlong has been chosen for a community project to grow and plant wildflowers in the wooded areas of its green spaces. Also, a trail patch of uncut grass will show which wildflowers are already here. Primarily the project is to provide habitats for the bee and butterfly populations, which have suffered decline.

If you would like to know more about the project, or would like to help way, please phone
Diane on 01235 559632
